

PINE HILL POLICE DEPARTMENT COMMUNITY BULLETIN

WALK BIKE TO SCHOOL

As the snow finally gives way to warm spring days, the children in our community will finally have the opportunity to enjoy their time outdoors and riding their bikes. On Wednesday, May 8, 2019 the Pine Hill Police Department will be taking part in the [8th Annual National Bike to School Day](#) at the Pine Hill Middle School, Dr. Albert

Bean and John H. Glenn Elementary Schools. Officers will be also be participating by riding Bike Patrol mountain bikes and greeting students as they arrive for the school day.

In addition to riding in with Bike Patrol Officers, we will also be conducting the Pine Hill Police Department Spring Bicycle Registration Kick-Off. Officers will be assisting students at the front of each building with bicycle safety tips and also helping them register their bicycles into the [PHPD Bicycle Registration Program](#). Bike helmets will also be available for any biking student who is need of one.

How the PHPD Bicycle Registration Program Works

- Parents or guardians complete the Bicycle Registration Form online at www.pinehillpd.com and submit the form online, or
- Parents or guardians stop by the Police Administration Building to complete and submit the form.
- If submitted online, an Officer will contact the parent or guardian and schedule a time to visit the residence and provide the uniquely numbered Pine Hill Police Department Bicycle Registration Sticker, along with bicycle safety and security tips.
- If submitted at the Police Administration Building, a uniquely numbered Pine Hill Police Department Bicycle Registration Sticker can be provided, although it is preferred an Officer meets with the child to review bicycle safety and security tips.
- The Bicycle Registration Forms are maintained at the Police Administration Building and are accessible by officers from their Patrol Unit for quick reference when a bicycle is found or reported stolen.

Registration events will also be scheduled throughout the year, so please check our website and signup for community notifications at www.nixle.com
